

Summer Employment Opportunity

LOCATION: Toledo Area Sanitary District (mosquito control)
5015 Stickney Avenue
Toledo, Ohio 43612

POSITION OPENING: Field Technicians (larval mosquito control)

HOURS: 40 hrs./wk., 6:45AM – 3:15PM, Monday through Friday.
Beginning in May through September (school calendar permitting)

JOB DESCRIPTION: The larval control field technician works with field supervisors under the direction of the Operations Manager and is responsible for assisting with the daily operations for the control and remediation of mosquito breeding sites. The field tech will survey for larval mosquitoes, assist with the application of control products, keep accurate records of activities, and perform other duties as needed to help control mosquito populations.

REQUIREMENTS:

- High School Diploma or equivalent
- Dependable attendance
- Good driving record
- Successful completion of routine pre-employment drug screening
- Good interpersonal communication skills
- Ability to read and navigate maps
- Capability and willingness to ride a bicycle
- Experience using ArcGIS is preferred
- College major in Biological Sciences or related field is preferred

* No previous experience working with mosquitoes or other insects is required. Successful applicants will receive “on the job” training for the position.

TO APPLY: Please send cover letter and resume by **March 29, 2019** to:
